

Super: it's your money

Retirement probably feels like it's a long way away. But the sooner you take an interest in your super, the greater the reward.

- Minimise the number of super accounts you have. Log into your account (www.ioofonline.com.au) to search for lost super and consider combining accounts.
- Is your investment choice suitable for your life investment needs, goals and attitude to risk?
- Can you afford to make additional super contributions?
- Are you taking advantage of the benefits of insurance inside of super?
- Are your beneficiaries up to date?

Regularly check your super (www.ioofonline.com.au) to keep your details up to date and ensure your investment options and insurance continue to meet your current circumstances.
