This PDS provides a summary of the key information relating to the Pendal Horizon Fund (ARSN 096 328 219) (Fund). It also includes references to additional information which forms part of this PDS and marked with a '🔍'. **This is important information you should read together with the PDS before making a decision to invest into the Fund.** You can access the 'Additional Information to the Product Disclosure Statement' on our website, at www.pendalgroup.com/PendalHorizonFund-PDS or request a copy free of charge by calling us. The information in this PDS is general information only and does not take into account your personal financial situation or needs. You may wish to consult a licensed financial adviser to obtain financial advice that is tailored to suit your personal circumstances.

Updated information

Information in this PDS is subject to change from time to time. Information that is not materially adverse information can be updated by us. Updated information can be obtained by contacting your master trust or wrap account operator (for indirect investors), your financial adviser, going to our website, or calling us. You may request a paper copy of any updated information at any time, free of charge.

Pendal Fund Services Limited ABN 13 161 249 332, AFSL 431426 is the responsible entity of, and issuer of units in, the Fund offered in this PDS and has prepared this PDS. This PDS is prepared in accordance with Subdivision 4.2C of Division 4 of Part 7.9 of the *Corporations Regulations 2001*.

WWW.PENDALGROUP.COM

1. About Pental Fund Services Limited

PENTAL

The future is worth investing in

Pental Fund Services Limited is the responsible entity for the Pental Horizon Fund (Fund). As responsible entity, it is responsible for overseeing the operations of the Fund.

Pental Institutional Limited is the investment manager of the Fund. As the investment manager, it selects and manages the assets of the Fund and may appoint other managers to manage some or all of the Fund's assets.

Pental Fund Services Limited and Pental Institutional Limited are wholly owned subsidiaries of Pental Group Limited.

Pental Group Limited is an independent, global investment management firm focused on delivering superior investment returns for its clients through active management.

Pental offers investors a range of Australian and international investment choices including shares, property securities, fixed income and cash strategies, as well as multi-asset and responsible investments. To complement its in-house expertise, Pental also partners with leading global investment managers.

2. How the Pental Horizon Fund works

How the Fund operates

When you invest your money in the Pental Horizon Fund, your money is pooled together with other investors' money. We use this pool to buy investments and manage them on behalf of all investors in the Fund. This means that by investing in the Fund you have access to certain investments that you may not otherwise be able to access on your own as well as the knowledge of our skilled investment managers. However, Pental has day-to-day control over the operation of the Fund.

The total value of the assets in the Fund is divided into 'units' and a 'unit price' is generally calculated for each Business Day. The unit price will generally change daily as the market value of assets in the Fund rises or falls.

When you make an investment in the Fund, we will allocate units to you based on the entry price for the Business Day on which we accept your application and we will keep a record of the number of units you have bought. When you withdraw, we will redeem your units based on the exit price for the Business Day on which we receive your withdrawal request.

Entry prices are usually higher than exit prices due to the 'buy-sell spread'. The buy-sell spread is built into the unit price and represents your contribution to the costs of buying and selling the underlying assets in the Fund.

Entry and exit prices for each Business Day will be available at www.pentalgroup.com by clicking on 'Products' and selecting the Fund. Prices will usually be posted by the end of the next Business Day.

We have also adopted a unit pricing discretion policy setting out the principles that apply when we exercise discretions under the Fund's constitution. You can request a copy of the policy free of charge by calling us or by downloading a copy at www.pentalgroup.com/UnitPriceDiscretionPolicy.

Minimum initial investment

The minimum initial investment is \$25,000. In certain circumstances, we may reject an application or accept only part of an application. Refer to Section 8 on how to apply.

Additional investments

You can add to your investment by completing the additional investment form and sending this form to us via mail, email or fax. You can find this form at www.pentalgroup.com/forms.

Investors also have the ability to make additional investments using BPAY®. For more information on BPAY® please refer to the BPAY® user guide at www.pentalgroup.com/forms.

We are also introducing the ability to transact online. For more information, please refer to www.pentalgroup.com/forms.

®Registered to BPAY Pty Ltd ABN 69 079 137 518.

How to withdraw

You can withdraw some or all of your investment by completing the withdrawal form and sending this form to us via mail, email or fax. You can find this form at www.pentalgroup.com/forms.

We are also introducing the ability to transact online. For more information, please refer to www.pentalgroup.com/forms.

Withdrawals will generally be paid to your nominated Bank Account within 5 Business Days.

Restrictions on withdrawals

There may be circumstances where your ability to withdraw from the Fund is restricted and you may have to wait a period of time before you can redeem your investment.

We may delay or suspend a withdrawal request where we are unable to realise sufficient assets due to circumstances outside our control (such as restricted or suspended trading in the market for an asset) or where the Fund becomes illiquid.

If the Fund is illiquid (as defined in the Corporations Act) withdrawals from the Fund will only be possible if we make a withdrawal offer in accordance with the Corporations Act. Under the Corporations Act, a fund is illiquid if it has less than 80% liquid assets (generally cash and marketable securities).

You should read the important information about 'Restrictions on withdrawals' before making a decision. Go to section 1 of the 'Additional Information to the Product Disclosure Statement' at www.pentalgroup.com/PentalHorizonFund-PDS.

Processing

If we receive an application or withdrawal request by 2.00pm (Sydney time) on a Business Day, we will process the transaction using that day's unit price. Requests received on or after the cut-off time of 2.00pm (Sydney time) on a Business Day, or on a non Business Day, will generally be treated as having been received before the cut-off time on the next Business Day.

If we receive an invalid or incomplete application or withdrawal request, the transaction request will be processed using the unit price applying on the day that we receive the correct documentation. The above rules about cut-off times apply.

Distributions

The Fund generally distributes on a quarterly basis and pays a final distribution each year for the period ending 30 June. In some circumstances, we may also pay distributions at other times where we consider it appropriate.

Distributions you receive are generally assessable income and can be made up of both income and net realised capital gains. Distributions are generally calculated based on the Fund's net income at the end of the distribution period divided by the number of units on issue. In certain circumstances, some income and/or net realised capital gains may be held back until the final distribution at the end of June to allow for market volatility.

You can choose to have your distributions automatically reinvested into additional units in the Fund or paid directly into your nominated Bank Account. There is no buy-sell spread on distributions that are reinvested. Reinvestment of distributions will normally be effective the first day following the end of the distribution period. Distribution payments to your nominated Bank Account are generally made within 12 Business Days after the end of the distribution period.

Indirect investors

We authorise the use of this PDS as disclosure to persons who wish to access the Fund indirectly through an Investor Directed Portfolio Service (IDPS), IDPS-like scheme or a nominee or custody service (collectively referred to as master trusts or wrap accounts).

Persons who invest in the Fund through a master trust or wrap account may be subject to different conditions from those referred to in this PDS particularly with regard to cut-off times for transacting, timing of distributions, processing and withdrawals as well as Fund reporting and investor notices.

You should read the important information about 'Indirect investors' before making a decision. Go to section 2 of the 'Additional Information to the Product Disclosure Statement' at www.pendalgroup.com/PendalHorizonFund-PDS.

3. Benefits of investing in the Pendal Horizon Fund

Significant features

The Pendal Horizon Fund is an actively managed portfolio of Australian shares.

Significant benefits

Investing in the Fund offers investors a range of benefits:

- access to a professionally managed portfolio of Australian shares and the potential for long-term capital growth and tax effective income;

- exposure to companies assessed as demonstrating, offering or enabling leading environmental and social practices, products and services, whilst avoiding companies that do not meet the Fund's investment guidelines; and
- access to Pendal's investment expertise and core investment style.

4. Risks of managed investment schemes

All investments carry risk. The likely investment return and the risk of losing money is different for each managed investment scheme as different strategies carry different levels of risk depending on the underlying mix of assets that make up each fund. Those assets with potentially the highest long term return (such as shares) may also have the highest risk of losing money in the shorter term.

The significant risks for the Fund are:

- Market risk: The risk that the market price of an asset will fluctuate as a result of factors such as economic conditions, government regulations, market sentiment, local and international political events and environmental and technological issues. Market risk may have different impacts on each type of asset, investment style and investor.
- Security specific risk: The risk associated with an individual asset. The price of shares in a company may be affected by unexpected changes in that company's operations such as changes in management or the loss of a significant customer.
- Concentration portfolio risk: The Fund's investment strategy of seeking to generate high returns by investing in a concentrated portfolio of Australian shares may make the Fund more volatile than a diversified Australian share fund with a larger number of shares. This means there is a greater risk of negative returns, particularly over the short to medium term.

Risk can be managed but it cannot be completely eliminated. It is important to understand that:

- the value of your investment will go up and down;
- investment returns will vary and future returns may be different from past returns;
- returns are not guaranteed and there is always the chance that you may lose money on any investment you make; and
- laws affecting your investment in a managed investment scheme may change over time.

The appropriate level of risk for you will depend on your age, investment time frame, where other parts of your wealth are invested and how comfortable you are with the possibility of losing some of your money in some years.

5. How we invest your money

You should consider the likely investment return, risk and your investment time frame when choosing to invest into the Fund.

Pental Horizon Fund											
Investment Return Objective	The Fund aims to provide a return (before fees, costs and taxes) that exceeds the S&P/ASX 300 (TR) Index over rolling 5 years period.										
Minimum Suggested Time Frame for Holding Investment	5 years										
Asset Classes and Asset Allocation Ranges ¹	<ul style="list-style-type: none"> • Australian shares 80 – 100% • Cash 0 – 20% 										
Benchmark	S&P/ASX 300 (TR) Index										
Description of Fund	<p>The Fund is designed for investors who want the potential for long term capital growth from a high conviction, values-oriented, concentrated portfolio of typically 15-35 stocks that invests in businesses that in our view, in aggregate, provide a net benefit to Australia's future economy and society.</p> <p>Pental's investment process for Australian shares is based on our core investment style and aims to add value through active stock selection and fundamental company analysis. Pental's core investment style is to select stocks based on our assessment of their long term worth and ability to outperform the market, without being restricted by a growth or value bias.</p> <p>Our fundamental company analysis focuses on valuation, franchise, management quality and risk factors (both financial and non-financial risk).</p> <p>Pental takes labour standards, environmental, social and ethical considerations into account when selecting, retaining or realising investments of the Fund.</p> <p>We adopt a principles-based approach in identifying the Fund's investments which aims to:</p> <ul style="list-style-type: none"> • Avoid companies whose industries, business models and products or services are not sustainable or cause significant harm, having regard to what we believe most investors would want to avoid in a values-based investment portfolio. • Invest in companies that demonstrate, or offer or enable more sustainable practices, business models or products and services. • Invest in companies that advance or participate in the transition of the Australian economy to one that is more sustainable. • Engage with management of companies in which we invest to manage risk, effect change and realise potential value over the long term. <p>In managing the Fund, we avoid investing in companies which:</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <tbody> <tr> <td style="width: 20%;">Fossil Fuels</td> <td> <ul style="list-style-type: none"> – directly undertake fossil fuel exploration or extraction (specifically, coal, oil and gas); or – earn more than 10% of their revenue from fossil fuel-based power generation, or from fossil fuel refinement or distribution (coal, oil and gas); or – earn more than 10% of their revenue from the provision of supplies or services which relate specifically to the fossil fuel exploration or production industries (coal, oil and gas) </td> </tr> <tr> <td>Uranium</td> <td> <ul style="list-style-type: none"> – directly undertake uranium mining for weapons or power generation; or – earn more than 10% of their revenue from nuclear energy-based power generation </td> </tr> <tr> <td>Logging</td> <td> <ul style="list-style-type: none"> – earn more than 10% of their revenue from unsustainable forestry or forest products, including non-Forest Stewardship Council certified forest products or non-Roundtable on Sustainable Palm Oil certified palm oil production </td> </tr> <tr> <td>Gambling</td> <td> <ul style="list-style-type: none"> – directly manufacture, own or operate gambling facilities, gaming services or other forms of wagering; or – earn more than 10% of their revenue from the indirect provision of gambling (for example, through telecommunications platforms) </td> </tr> <tr> <td>Pornography</td> <td> <ul style="list-style-type: none"> – produce pornography; or – earn more than 10% of their revenue from the distribution or retailing of pornography </td> </tr> </tbody> </table>	Fossil Fuels	<ul style="list-style-type: none"> – directly undertake fossil fuel exploration or extraction (specifically, coal, oil and gas); or – earn more than 10% of their revenue from fossil fuel-based power generation, or from fossil fuel refinement or distribution (coal, oil and gas); or – earn more than 10% of their revenue from the provision of supplies or services which relate specifically to the fossil fuel exploration or production industries (coal, oil and gas) 	Uranium	<ul style="list-style-type: none"> – directly undertake uranium mining for weapons or power generation; or – earn more than 10% of their revenue from nuclear energy-based power generation 	Logging	<ul style="list-style-type: none"> – earn more than 10% of their revenue from unsustainable forestry or forest products, including non-Forest Stewardship Council certified forest products or non-Roundtable on Sustainable Palm Oil certified palm oil production 	Gambling	<ul style="list-style-type: none"> – directly manufacture, own or operate gambling facilities, gaming services or other forms of wagering; or – earn more than 10% of their revenue from the indirect provision of gambling (for example, through telecommunications platforms) 	Pornography	<ul style="list-style-type: none"> – produce pornography; or – earn more than 10% of their revenue from the distribution or retailing of pornography
Fossil Fuels	<ul style="list-style-type: none"> – directly undertake fossil fuel exploration or extraction (specifically, coal, oil and gas); or – earn more than 10% of their revenue from fossil fuel-based power generation, or from fossil fuel refinement or distribution (coal, oil and gas); or – earn more than 10% of their revenue from the provision of supplies or services which relate specifically to the fossil fuel exploration or production industries (coal, oil and gas) 										
Uranium	<ul style="list-style-type: none"> – directly undertake uranium mining for weapons or power generation; or – earn more than 10% of their revenue from nuclear energy-based power generation 										
Logging	<ul style="list-style-type: none"> – earn more than 10% of their revenue from unsustainable forestry or forest products, including non-Forest Stewardship Council certified forest products or non-Roundtable on Sustainable Palm Oil certified palm oil production 										
Gambling	<ul style="list-style-type: none"> – directly manufacture, own or operate gambling facilities, gaming services or other forms of wagering; or – earn more than 10% of their revenue from the indirect provision of gambling (for example, through telecommunications platforms) 										
Pornography	<ul style="list-style-type: none"> – produce pornography; or – earn more than 10% of their revenue from the distribution or retailing of pornography 										

¹ The reference to the Fund investing in an asset class includes all types of investments which give exposure to that asset, directly or indirectly, including through derivatives and investment in other funds which invest primarily in that asset class. This includes

any type of investment which would ordinarily be understood in financial markets to be included in that asset class and does not preclude investment in other types of assets where we consider it appropriate to do so in the interests of investors.

Weapons	<ul style="list-style-type: none"> – produce or distribute controversial weapons (such as cluster munitions, landmines, biological and chemical weapons), or supply goods or services specifically relating to controversial weapons; or – produce or distribute non-controversial weapons or military equipment; or – produce or distribute civilian firearms, or supply goods or services specifically related to firearms to firearm manufacturers
Alcohol	<ul style="list-style-type: none"> – produce alcoholic beverages; or – earn more than 10% of their revenue from the distribution or retailing of alcoholic beverages
Tobacco	<ul style="list-style-type: none"> – produce tobacco (including e-cigarettes and inhalers); or – earn more than 10% of their revenue from the distribution of tobacco (including e-cigarettes and inhalers) or supply of goods or services specifically related to the tobacco industry (for example, packaging or promotion)
Animal Testing	– directly undertake animal testing for cosmetic products
Predatory Lending Practices	– directly provide products or services with lending practices that are unfair or deceptive to ordinary borrowers, including small amount short term loans at higher than commercial rates of interest (for example, payday loans, pawn loans or the use of aggressive sales tactics)
Breaches/ misconduct	– we consider to have been found to have significant breaches of social or environmental norms or regulations, or are subject to serious and substantiated allegations of unethical conduct, which we consider have not been remedied or adequately addressed.

All reasonable care has been taken to implement the Fund’s exclusionary screens to meet the criteria described above. We draw on internal and supplementary external research, believed to be accurate, to determine whether a company is subject to the exclusionary screens. We regularly monitor compliance by the Fund’s holdings with the exclusionary screens. If we discover an investment no longer meets our criteria, we will divest the holding as soon as practicable. However, as the nature and conduct of businesses may change over time, and publicly available financial or other information is not always comprehensive or up to date, we do not guarantee that the Fund will meet all of these criteria at all times.

The Fund’s compliance with its investment guidelines is reviewed regularly (usually monthly, but this timeframe is not fixed). If our review process identifies that an investment ceases to comply with the investment guidelines for the Fund, the investment will usually be sold as soon as is reasonably practicable, having regard to the interests of investors (but this may vary on a case by case basis).

The sustainability criteria and exclusionary screens applied to the Fund’s investments may exclude some companies from the investable pool of the Fund’s portfolio. For this reason the Fund’s performance may vary when compared to other funds that are able to invest in these companies. This risk should be considered when deciding whether to invest in the Fund.

The Fund may hold cash and may use derivatives.

Derivatives may be used to reduce risk and can act as a hedge against adverse movements in a particular market and/or in the underlying assets. Derivatives can also be used to gain exposure to assets and markets.

Risk Level ²	Medium to high Medium to high risk of losing money in any year. Likely to produce higher returns over the long term.
Fund Performance	For up-to-date information on the performance of the Fund, including performance history, please visit www.pendalgroup.com , click on ‘Products’ and select the Fund.
Labour, Environmental, Social and Ethical Considerations	We take labour standards, environmental, social and ethical considerations into account when selecting, retaining or realising investments of the Fund. The way in which we take these considerations into account is described above in ‘Description of Fund’.
Changes to Fund Details	We have the right to close or terminate the Fund and change the Fund’s investment return objective (including benchmark), asset classes and asset allocation ranges and currency strategy (if any), without prior notice in some cases. We will inform investors of any material change to the Fund’s details in their next regular communication or as otherwise required by law.

You should read the important information about how we invest your money and about the Fund's labour, environmental, social and ethical considerations before making a decision. Go to section 3 of the Additional Information to the Product Disclosure Statement at www.pendalgroup.com/PendalHorizonFund-PDS.

² The risk level is not a complete assessment of all forms of investment risks, for instance it does not detail what the size of a negative return could be or the potential for a positive return to be less than the return an investor may require to meet their objectives.

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

This section shows fees and other costs that you may be charged for the Fund. The fees and costs may be deducted from your money, from the returns on your investment or from the assets of the Fund as a whole.

Taxes are set out in another part of this document.

You should read all of the information about fees and costs because it is important to understand their impact on your investment. You can also use this information to compare the fees and costs with those of other investment funds.

Type of Fee or Costs ³	Amount
Fees when your money moves in or out of the Fund	
Establishment fee The fee to open your investment	Nil
Contribution fee The fee on each amount contributed to your investment	Nil
Withdrawal fee The fee on each amount you take out of your investment	Nil
Exit fee The fee to close your investment	Nil
Management costs	
The fees and costs for managing your investment	At the date of this PDS, management costs consist of the following components:
	Issuer fee 0.95% pa
	Estimated expense recoveries ⁴ Nil
	Estimated indirect costs ⁵ Nil
	Estimated total management costs⁶ 0.95% pa

Example of annual fees and costs for the Fund

This table gives an example of how the fees and costs for the Fund can affect your investment over a one-year period. You should use this table to compare this product with other managed investment products.

Example – Balance of \$50,000 with a contribution of \$5,000 during the year⁷

Contribution fees	Nil	For every additional \$5,000 you invest you will not be charged any contribution fee.
Plus Management costs	Estimated total management costs \$50,000 x 0.95% = \$475	And, for every \$50,000 you have in the Fund, you will be charged \$475 each year.
Equals Cost of Fund		If you had an investment of \$50,000 at the beginning of the year and you invest an additional \$5,000 during that year, you would be charged fees and incur costs of: \$475 ⁸ What it costs you will depend on the fees you negotiate.

³ Fees in this PDS can be individually negotiated if you are a wholesale client under the Corporations Act.

⁴ At the date of this PDS, we pay recoverable expenses (if any, excluding any GST payable on our fees) out of our issuer fee. However, if we decide to deduct expenses in addition to the issuer fee in the future, we will give you 30 days' written notice.

⁵ This is an estimate of the Fund's indirect costs for the last financial year. Refer to 'Additional explanation of fees and costs' for more information.

⁶ The actual total management costs may vary from this estimate.

⁷ This example assumes the \$5,000 contribution occurs at the end of the first year, therefore management costs are calculated using the \$50,000 balance only.

⁸ Additional fees may apply. Please note that this example does not capture all the fees and costs that may apply to you such as the buy-sell spread.

Additional explanation of fees and costs

Management costs

Management costs are made up of the issuer fee and any expense recoveries and indirect costs. Unless otherwise stated, all fees quoted in the PDS are quoted on a GST inclusive basis and net of any applicable Reduced Input Tax Credits (RITCs).

Issuer fee

The issuer fee is the fee we charge for overseeing the operations of the Fund and managing the assets of the Fund. If we increase the issuer fee, we will give you 30 days' written notice.

Expense recoveries

We are also entitled to be reimbursed for expenses we incur in the proper performance of our duties and in connection with the day-to-day operation of the Fund. At the date of this PDS, we pay these recoverable expenses (excluding any GST payable on our fees) out of our issuer fee. However, if we decide to deduct expenses in addition to the issuer fee in the future, we will give you 30 days' written notice.

Indirect costs

Indirect costs are certain costs which we reasonably estimate have reduced, directly or indirectly, the Fund's return. Indirect costs may include underlying investment manager fees and costs and certain derivative costs. If any indirect costs are incurred, these are reflected in the unit price of the Fund and are not charged to you as a fee or retained by us.

The indirect costs estimate in the fees and costs table is based on information available to us as at the date of this PDS and represents the indirect costs for the last financial year. This information may change from year to year and prior notice will not ordinarily be provided. For the latest indirect costs, please visit www.pendalgroup.com, click on 'Products', and refer to the 'Fees and Costs' document under 'Important Information'.

Transactional and operational costs

Transactional and operational costs such as brokerage, bid-offer spreads on securities traded, settlement costs, clearing costs and government charges may be incurred by the Fund as a result of changes in the Fund's investment portfolio either in relation to implementing the Fund's investment strategy or investors entering or exiting the Fund.

Buy-sell spread

The buy-sell spread is an additional cost to you and is generally incurred whenever you invest in the Fund. The buy-sell spread is retained by the Fund (it is not a fee paid to us) and represents a contribution to the transaction costs incurred by the Fund such as brokerage and stamp duty, when the Fund is purchasing and selling assets. The buy-sell spread also reflects the market impact of purchasing and selling the underlying assets in the market. There is no buy-sell spread on distributions that are reinvested.

The current total buy-sell spread is 0.50% of the amount that you invest, represented as the difference between the entry and exit price. A buy spread of 0.25% is applied on each application and a sell spread of 0.25% is applied on each withdrawal. For example, if you invested \$50,000 in the Fund the cost of your buy spread would be \$125, and the cost of your sell spread on withdrawing \$50,000 from the Fund would be \$125.

We may vary the buy-sell spread from time to time and prior notice will not ordinarily be provided. For current buy-sell spread information, visit www.pendalgroup.com, click on 'Products' and select the Fund.

Other fees and costs

These may include additional fees and costs that apply to investors accessing the Fund through a master trust or wrap account.

We may make payments to master trusts or wrap account operators out of the fees we receive. Government fees, duties and bank charges may also apply to investments and withdrawals.

You should read the important information about 'Additional information about fees and costs' before making a decision. Go to section 4 of the 'Additional Information to the Product Disclosure Statement' at www.pendalgroup.com/PendalHorizonFund-PDS.

7. How managed investment schemes are taxed

Investing in a managed investment scheme is likely to have tax consequences. Managed investment schemes generally do not pay the tax liability on behalf of investors. However, we may be required to withhold tax from each distribution at the relevant withholding tax rates under certain circumstances. As an investor, you will generally be subject to tax on your share of any taxable income and net realised capital gains generated by the Fund.

Because the Australian taxation system is complex and different investors have different circumstances, you should seek professional tax advice before investing in the Fund.

You should read the important information about 'How managed investment schemes are taxed' before making a decision. Go to section 5 of the 'Additional Information to the Product Disclosure Statement' at www.pendalgroup.com/PendalHorizonFund-PDS.

8. How to apply

1. Read this PDS together with the 'Additional Information to the Product Disclosure Statement' available at www.pendalgroup.com/PendalHorizonFund-PDS.
2. Direct investors should complete the Application and relevant Form(s) by clicking on 'Apply' at www.pendalgroup.com/products. A copy of the forms can also be requested by calling us. Payment details and methods are included in the Application Form. The offer made in this PDS is only available to persons receiving this PDS (electronically or otherwise) within Australia. Applications from outside Australia will not be accepted.
3. If you are a retail investor (as defined in the Corporations Act) investing directly in the Fund, you have a 14 day cooling-off period to confirm that the investment meets your needs. If you exercise your cooling-off rights, we will return your money to you and no fees will apply. However, the amount you receive will reflect any movement (either up or down) in the unit price of the Fund which means that there may be tax implications for you. The 14 day cooling-off period commences on the earlier of the end of the fifth Business Day after we issue the units to you or from the date you receive confirmation of your transaction.
4. If you have any concerns or complaints, as a first step please contact us and we will do our best to resolve your concern quickly and fairly. Our contact details are on the front cover of this PDS. If you believe that your matter has not been dealt with satisfactorily, you can lodge a complaint with the Australian Financial Complaints Authority, or AFCA.

Website: www.afca.org.au
Email: info@afca.org.au
Telephone: 1800 931 678 (free call)
In writing to: Australian Financial Complaints Authority
GPO Box 3, Melbourne VIC 3001

For more detailed information on how we deal with complaints please visit www.pendalgroup.com, click on 'Contact', and click on 'Concerns or Complaints'.

9. Other information

Additional disclosure information

The Fund is subject to regular reporting and continuous disclosure obligations. For continuous disclosure notices regarding the Fund please visit www.pendalgroup.com, click on 'Products', select the Fund and expand the 'Important Updates' section. Copies of documents lodged with ASIC may be obtained from, or inspected at, an ASIC office. You can also call us to obtain copies of the following documents, free of charge:

- the Fund's Annual Report most recently lodged with ASIC;
- any half-year report lodged with ASIC after the lodgement of the Annual Report and before the date of this PDS;
- any continuous disclosure notices given by the Fund after lodgement of the Annual Report and before the date of this PDS.

Related party transactions and conflicts of interests

The Fund may, without limit, invest in other funds of which we, or a related entity, are trustee, responsible entity or manager (**related funds**).

We may appoint any of our related entities to provide services or perform functions in relation to the Fund, including acting as our delegate. We may also enter into financial or other transactions with related entities in relation to the assets of the Fund and may sell assets or purchase assets from, a related entity. A related entity is entitled to earn fees, commissions or other benefits in relation to any such appointment or transaction and to retain them for its own account. Such arrangements will be based on arm's length commercial terms.

In the course of managing the Fund, we may face conflicts in respect of our duties in relation to the Fund, related funds and our own interests. We have policies and procedures in place to manage these appropriately. We will resolve such conflict fairly and reasonably and in accordance with the law, ASIC policy and our policies.

Terms used in this PDS

In this PDS:

'ASIC' means the Australian Securities and Investments Commission;
