

## Instructions on how to update your internet options

If you are unable to view and select the options from the drop-down box, then complete the following steps:

1 Click 'Tools' in the menu bar and select 'Internet Options'.

2 Click on the 'Security' tab and select the 'Custom level' button.

3 Scroll down to 'Allow script-initiated windows without size or position constraints'. Select the 'Enable' option and click 'OK'.
