The Directors present their report, together with the financial statements of Oasis Fund Management Limited (the Company) for the year ended 30 June 2026 and the auditor's report thereon.

Directors

The following persons were Directors of the Company during the entire financial year and up to the date of this report, unless otherwise stated:

Danielle Press
Beth McConnell
Marianne Perkovic
Mario Pirone
Steven Schubert
Rachna Gandhi-Arora (appointed 1 January 2026)

Principal activity

The Company is a for-profit entity and its principal activity during the course of the year was to act as corporate trustee for Registrable Superannuation Entities (RSEs) under an instrument of approval granted by the Australian Prudential Regulation Authority (APRA).

There were no significant changes in the nature of the activities of the Company during the year.

Dividends

No dividends were paid during the year ended 30 June 2026 (2025: \$1,500,000).

Review of operations

The profit after income tax of the Company was \$1,774,573 (2025: \$1,747,939).

The operating profit for the year was higher than prior year, driven by the decrease in operating expenses, partially offset by decline revenue due to lower funds under administration (FUA) during the year.

Significant changes in the state of affairs

On 28 April 2026, the Company's ultimate parent changed from Insignia Financial Limited to Daintree TopCo Pty Ltd following the acquisition of Insignia Financial Limited's share by a company controlled by Daintree TopCo Pty Ltd.

Matters subsequent to the end of the reporting period

On 25 August 2026, the Directors declared a final dividend of \$2,000,000 for the year ended 30 June 2026 (2025: nil).

There were no other material events subsequent to 30 June 2026 and up to the date of signing the report.

Future developments

Information about likely developments in the operations of the Company and the expected results of those operations in future financial years have not been included in this report because disclosures of the information would be likely to result in unreasonable prejudice to the Company.

Environmental regulation

The Company is not subject to any significant environmental regulation under Australian Commonwealth or State law.

Indemnification and insurance of officers

During the financial year, Insignia Financial Ltd and its controlled entities paid a premium to insure the Directors, secretaries and general officers of the Company.

The liabilities insured include legal costs that may be incurred in defending civil or criminal proceedings that may be brought against the officers in their capacity as officers of entities in the consolidated group, and any other payments arising from liabilities incurred by the officers in connection with such proceedings, other than where such liabilities arise out of conduct involving a wilful breach of duty by the officers or the improper use by the officers of their position or of information to gain advantage to themselves or someone else or to cause detriment to the Company.

Auditor's independence declaration

The lead auditor's independence declaration is set out on page 3 of the annual report and forms part of the Directors' report.

Note 1. Reporting entity

Oasis Fund Management Limited ("the Company") is a company limited by shares, incorporated and domiciled in Australia. The address of the Company's registered office and principal place of business is:

Level 1
800 Bourke Street
Docklands VIC 3008

Principal activities

The Company's principal activities during the course of the financial year were to act as the corporate trustee for a Registrable Superannuation Entities (RSE) under an instrument of approval granted by the Australian Prudential Regulation Authority (APRA).

These financial statements are prepared for the Company as an individual entity. The financial statements were authorised for issue, in accordance with a resolution of the Directors, on 25 August 2026.

Note 2. Material accounting policies

The material accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated. Certain comparative amounts have been reclassified to conform with the current year's presentation.

Basis of preparation

These general purpose tier one financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001*, as appropriate for for-profit entities. These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board (IASB).

Basis of measurement

The financial information has been prepared in accordance with the historical cost convention except for certain assets and liabilities as described in the accounting policies below.

Functional and presentation currency

The financial statements are presented in Australian dollars (AUD), which is the Company's functional and presentation currency.

New accounting standards and amendments to accounting standards issued but not yet effective

A number of new standards and amendments to accounting standards have been issued but are not yet effective, have not been early adopted by the Company. These standards and amendments to accounting standards, when applied in future periods, are not expected to have a material impact on the financial position or financial performance of the Company other than discussed below:

AASB 18 Presentation and Disclosure in Financial Statements

AASB 18 *Presentation and Disclosure in Financial Statements* will be applicable to the Company for the 30 June 2028 financial year. The standard will replace AASB 101 *Presentation of Financial Statements*. The standard establishes key presentation and disclosure requirements including newly defined subtotals in the statement of profit or loss, the disclosure of management-defined performance measures and enhanced requirements for grouping information.

Note 2. Material accounting policies (continued)

Revenue

Revenue is measured based on the consideration specified in a contract with a customer. The Company recognises revenue when it transfers control over a good or service to a customer.

Management fee income

The Company provides superannuation fund management and administration services. These fees are calculated based on an agreed percentage of the respective funds under administration, as disclosed in the respective product disclosure statements. The provision of these services is typically a single performance obligation and fees are earned on a daily basis and generally collected monthly.

Management fee income is recognised in the profit or loss in which the service is provided, net of any rebates.

Other fees principally comprise revenues for other services and are recognised as the relevant service is provided.

There are no judgements that significantly affect the determination of the amount and timing of revenue from contracts.

Interest income

Interest income includes interests earned on bank deposits.

Other revenue

Other revenue is recognised when it is received or when the right to receive payment (including fund expense recoveries) is established.

Expenses

Service fees and other operating expenses are recognised in profit and loss on an accrual basis. This includes a shareholder capital charge in relation to group funding arrangements.

Income tax

Income tax expense comprises current and deferred tax.

Current tax comprises the expected tax payable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax assets and liabilities are offset only if certain criteria are met.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised. Deferred tax assets and liabilities are offset only if certain criteria are met.

The Company is a member of an Australian tax consolidated group. Prior to 28 April 2026, the Company was a member of the tax consolidated group headed by Insignia Financial Ltd. On 28 April 2026, the Insignia Financial Ltd tax consolidated group joined the Daintree TopCo Pty Ltd tax consolidated group, with Daintree TopCo Pty Ltd as the new head entity of the tax consolidated group. The tax consolidated group has applied the 'separate taxpayer within group' approach in determining the appropriate amount of taxes to allocate to members of the tax consolidated group. The head entity and each subsidiary in the tax consolidated group continue to account for their own current and deferred tax amounts.

The Company and other members of the tax consolidated group are parties to a tax sharing and funding agreement. Assets or liabilities arising under these agreements are recognised receivables from or payables to, the head entity of the tax consolidated group.

Note 2. Material accounting policies (continued)

Assets

Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with other financial institutions, other short-term, highly liquid investments with original terms to maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Receivables

Receivables are initially recognised when the Company becomes a party to the contractual provisions of the instrument. Receivables are initially measured at the transaction price.

The Company holds receivables with the objective of collecting the contractual cash flows and subsequently measures these receivables at amortised cost.

Loss allowances are recognised for expected credit losses on receivables. Loss allowances are measured at an amount equal to lifetime expected credit losses as these receivables do not contain a significant financing component.

Expected credit losses are measured in a way that reflects an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes, the time value of money and reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions. The maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to the credit risk.

When the Company has no reasonable expectations of recovering a receivable in its entirety or a portion thereof, the gross carrying amount of the receivable is reduced directly. Subsequent recoveries of amounts previously written off are credited against previously recognised impairment losses.

Liabilities

Payables

Fees payables represent liabilities for services provided to the Company prior to the end of the financial year and which are unpaid. They are short term in nature and are subsequently measured at amortised cost. The amounts are unsecured and are paid within commercial terms.

Payables to related parties

Payable to related parties represent outstanding balances with related parties. These are short term in nature and unsecured.

Provisions

Provisions arise when there is a present obligation (legal or constructive) as a result of a past event and a probable outflow of resources will be required to settle the obligation. Provisions are recognised when a reliable estimate can be made on the amount of the obligation. The expense relating to a provision is presented in the profit or loss net of any reimbursements.

Equity

Ordinary shares

Ordinary shares in the Company are recognised at the amount paid per ordinary share net of directly attributable issue costs.

Contingent liabilities

Contingent liabilities are possible obligations whose existence will be confirmed only by uncertain future events or present obligations where the transfer of economic benefits is not probable or cannot be reliably measured. Contingent liabilities are not recognised on the statement of financial position.

Note 2. Material accounting policies (continued)

Presentation

Offsetting assets and liabilities

Assets and liabilities are offset and the net amount presented in the statement of financial position only where there is:

- a current enforceable legal right to offset the asset and liability; and
- an intention to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Goods and services tax

Income, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from or payable to the ATO is paid by a related entity within the wholly owned group with a corresponding intercompany balance recognised by the Company.

Cash flows are included in the statement of cash flows on a gross basis. The GST components of cash flows arising from investing and financing activities which are recoverable from or payable to the ATO are classified as operating cash flows.

Note 3. Critical estimates, judgements and assumptions used in applying accounting policies

In preparing these financial statements, management has made judgements and estimates about the future that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively. Other than those discussed in the financial statements, management have not made any significant accounting judgements, estimates or assumptions in preparing these financial statements.

Note 9. Capital management

The Company is capitalised with share capital and retained earnings. This capital is held to meet regulatory and operational requirements that reflect the risk of the Company. The level of capital is actively managed to maintain capital adequacy and efficiency with reference to these requirements.

The Company must remain solvent at all times in accordance with the *Corporations Act 2001*.

The Company is also regulated by APRA and has been issued a Registrable Superannuation Entity (RSE) Licence and therefore must comply with APRA's prudential standards and practice guides associated with an RSE Licence.

In complying with APRA's Prudential Standard SPS 114 "Operational Risk Financial Requirement" (ORFR), the Company has continued to operate within its Board approved ORFR Target of 25bps of Funds Under Management (FUM) and tolerances. As at 30 June 2026, the ORFR had been met through an RSE Trustee reserve within the Oasis Superannuation Master Trust (OSMT) of \$6m (2025: \$7.9m).

There were no changes in the Company's approach to capital management since the prior financial year. The Company has met APRA capital requirements at all times during the current and prior financial years.

Note 10. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Market risk;
- Credit risk; and
- Liquidity risk.

Market risk

Market risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market variables such as interest rates, equity prices and foreign currency exchange rates.

The objective of market risk management is to manage and control market risk exposures within acceptable parameters.

Interest rate risk

Interest rate risk is the risk of loss arising from adverse changes in interest rates and the impact on the fair value of financial instruments. The Company has exposure to interest rate risk in cash and cash equivalents.

Other market risks

The Company has no material exposure to price or foreign exchange risk.

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk arises from cash and cash equivalents and receivables.

The Company mitigates its credit risk by ensuring cash deposits and term deposits are held with high quality financial institutions with credit ratings of A+ to AA-.

Receivables consist of management fees receivable, service fees receivable and other amounts receivable from related parties. These counterparties generally do not have an independent credit rating, and the Company assesses the credit quality of the debtor taking into account its financial position, past experience with the debtor, and other available credit risk information.

The maximum exposure to credit risk at the reporting date is the carrying value of the financial assets. No financial assets are considered past due (2025: nil) and management does not expect any counterparty to fail to meet its obligations. The Company does not hold any collateral as security over its receivables.

Note 10. Financial risk management (continued)

Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities. The Company's objective when managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or damage to reputation.

Note 13. Related party disclosures

(a) Immediate and ultimate controlling entity

The immediate parent entity is Insignia Financial Ltd, a company incorporated in Australia.

On 28 April 2026, the Company's ultimate parent entity changed to Daintree TopCo Pty Ltd following the acquisition of Insignia Financial Ltd's shares by a company controlled by Daintree TopCo Pty Ltd. Daintree TopCo Pty Ltd is incorporated within Australia.

Note 13. Related party disclosures (continued)

(b) Related party transactions that occurred during the period

(i) Transactions with related parties in the wholly owned group

Transactions and balances between the entities within the IFL Group are made up of non-interest bearing funds and have no fixed terms of maturity. Management and administration services were provided by a commonly controlled entity, IOOF Service Co Pty Ltd, on a cost recovery basis. Management expenses incurred during the year amounted to \$2,547,007 (2025: \$3,879,810). All other transactions were made on normal commercial terms and conditions. No receivable from a related party was impaired during the year.

Balances with related entities are:

As at	30-Jun-26	30-Jun-25
	\$	\$
Receivables from other related parties*	1,122,536	-
Payables to other related parties	-	45,024

Note 14. Contingent liability

The Company may from time to time be exposed to contingent liabilities and potential claims in respect of the activities of the underlying trusts for which it acts as the RSE Trustee. As at the date of this report, there are no contingent liabilities where the underlying fund is not expected to have sufficient assets to indemnify the RSE Trustee as appropriate.

As part of the operations of the business, the Company has been subject to various legal actions and claims. Outcomes in relation to these actions and claims are uncertain and no provisions are required at balance sheet date.

Note 15. Matters subsequent to the end of the reporting period

On 25 August 2026, the Directors declared a final dividend of \$2,000,000 for the year ended 30 June 2026 (2025: nil).

There were no other material events subsequent to 30 June 2026 and up to the date of signing the report.

Consolidated entity disclosure statement

The Company is not required by Australian Accounting Standards (AAS) to prepare consolidated financial statements and as a result subsection 295(3A)(a) of the Corporations Act 2001 to prepare a *Consolidated Entity Disclosure Statement* does not apply to the Company.

Directors' Declaration

The Directors of Oasis Fund Management Limited (the "Company") declare that:

- a) in the Directors' opinion, the financial statements of the Company and the notes thereto, have been prepared in accordance with the *Corporations Act 2001*, including that:
 - i. they comply with applicable Australian Accounting Standards and the *Corporations Regulations 2001*;
 - ii. they give a true and fair view of the Company's financial position as at 30 June 2026 and of its performance as represented by the results of its operations and its cash flows, for the year ended on that date;
 - iii. the financial statements and notes to the financial statements of the Company comply with International Financial Reporting Standards as described in Note 2;
 - iv. the Consolidated entity disclosure statement is true and correct.
- b) in the Directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the Directors, made pursuant to section 295(5)(a) of the *Corporations Act 2001* for the year ended 30 June 2026.

Independent auditor's report to the members of Oasis Fund Management Limited

Opinion

We have audited the financial report of Oasis Fund Management Limited (the Company), which comprises the statement of financial position as at 30 June 2026, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes to the financial statements, including material accounting policy information, and the directors' declaration.

In our opinion, the accompanying financial report of the Company is in accordance with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the Company's financial position as at 30 June 2026 and of its financial performance for the year ended on that date; and
- b. Complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to audits of the financial report of public interest entities in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the financial report and auditor's report

The directors are responsible for the other information. The other information is the directors' report accompanying the financial report

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the financial report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- ▶ Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
