<b>Level of investment risk</b>	<p><b>Medium – High</b></p> <p>Negative annual returns are expected in 3 to less than 4 out of every 20 years. The higher the expected return target, the more often you would expect a year of negative returns.</p>																																												
<b>Statement of fees and costs</b>	<p><b>\$528 per year<sup>1</sup></b></p> <p>Fees and costs for a member with a \$50,000 balance.</p>																																												

<sup>1</sup> Additional fees may apply. A buy-sell spread also applies, calculated as a percentage of the amount you buy or sell in an investment option. It is not usually deducted from your account but is generally incorporated into the unit price of the investment option. The buy-sell spread is in addition to investment fees and costs, transaction costs and administration fees and costs. For more information, refer to the IOOF general reference guide available online.

## Glossary

### Return

The return for IOOF MySuper has been calculated in accordance with APRA reporting requirements. The return is after investment manager fees, IOOF MySuper fees and superannuation taxes. Returns to 30 June 2025 include historical fees different to the fees published on this Dashboard effective 1 June 2025.

### Return target

The return target for IOOF MySuper has been calculated in accordance with APRA reporting requirements. Note, from 19 August 2024, the IOOF MySuper return target changed from 3.0% pa to 3.5% pa net of all fees and taxes.

### Comparison between return target and return (moving average)

Average return targets and average returns are used to show a longer term comparison so that fluctuations in returns earned each year are smoothed out. They are calculated for up to 10 years if returns are available.

### Fees and other costs

Fees and costs have been calculated in accordance with requirements that apply to MySuper and are detailed below:

Example – MySuper strategy		Balance of \$50,000
Administration fees and costs	Administration Fee: (0.25% x \$50,000) Account Keeping Fee: \$78 Administration costs paid from reserve (\$50,000 x 0.03%)	For every \$50,000 you have in the superannuation product, you will be charged or have deducted from your investment <b>\$140.00</b> in administration fees and costs, plus <b>\$78</b> regardless of your balance.
PLUS Investment fees and costs	0.55%	And, you will be charged or have deducted from your investment <b>\$275.00</b> in investment fees and costs.
PLUS Transaction costs	0.07%	And, you will be charged or have deducted from your investment <b>\$35.00</b> in transaction costs.
EQUALS Cost of product		If your balance was \$50,000 at the beginning of the year, then for that year you will be charged fees and costs of <b>\$528.00</b> for the superannuation product.

Fees effective 1 June 2025. Additional fees may apply. A buy-sell spread also applies, calculated as a percentage of the amount you buy or sell in an investment option. It is not usually deducted from your account but is generally incorporated into the unit price of the investment option. The buy-sell spread is in addition to investment fees and costs, transaction costs and administration fees and costs. For more information, refer to the IOOF general reference guide available online.
